Ahmed Bilal

Software Engineer @Zones | CKA | FAST NUCES

Islāmābād, Pakistan

Summary

A forever student of Tech with a passion for continuous learning and honing. Since July 2023, I have been working at Zones LLC as a 10x Software Engineer, involved and contributing in multiple domains of the engineering process, namely UI development, Cloud Infrastructure provisioning and management, management of applications on Kubernetes, and Data Engineering with ETL pipelines.

I completed my Bachelor's in Computer Science from FAST-NUCES with distinction in 2023.

Experience

Zones, LLC

3 years

Software Engineer

May 2024 - Present (2 years 2 months)

Islamabad

UI engineering in React Typescript. Using an internal UI kit built on top of Material UI.

Other tools: redux-toolkit, webpack

Associate Engineer

July 2023 - May 2024 (11 months)

Islamabad

Associate [DevOps] Engineer (July 2023 - October 2023):

Responsibilities Included:

- Provisioning Cloud Infrastructure on Microsoft Azure (Azure Virtual Network, Azure Databricks, Azure

Datafactory, Azure Keyvault, Azure Application Gateway) using both Azure Portal and Terraform.

- Deploying frontend and backend applications on Azure Kubernetes Service leveraging Kubernetes

Deployment, Service, Ingress, ConfigMaps, Secrets, HPA, PodDisruptionBudgets.

- Writing Build (CI) Pipelines on Azure DevOps for automated build validations of all pull requests to main branch.

- Writing a Release (CD) Pipeline on Azure DevOps for automatic creation/ updation/deletion of Azure

Cloud Infrastructure upon changes to a Terraform code repository.

Associate [Deep Tech] Engineer (October 2023 - January 2024):

Responsibilities Included:

- Developing part of a Kubernetes Operator in Golang for basic install (phase 1) and seamless upgrades

(phase 2) of an application deployed on Kubernetes.

- Programming the Transformation (using pyspark) and Mapping of data from a Data source to a target

Database as part of company ETL processes.

- Creating ETL pipelines on Azure Datafactory.

Education

National University of Computer and Emerging Sciences

Bachelor of Science - BS, Computer Science · (August 2019 - June 2023)
